

2017 Summer Day Drive Into the San Gabriels: Alfas Lead

Are we ready for a fun-in-the-sun loop through San Gabriel National Monument's best mountain twisties? You betcha! The 2017 Summer Day Drive is making a run for the hills on Sunday, July 23rd, and everyone is invited. But Alfas get to lead the pack – other makes and models will be the followers.

We will be doing an extended "hillclimb" from Azusa to Mt. Baldy Village via the scenic and challenging San Gabriel Canyon, Glendora Mountain and Glendora Ridge Roads with an in-restaurant lunch stop at Mt. Baldy Lodge.

An optional visit to the Rancho Santa Ana Botanical Garden in Claremont is on the ticket for the end of the event.

Mark your calendars for July 23rd and get your Alfa ready to spend a day in the mountains (4,000 ft. elevation) with us. RSVP to Jim & Elyse at eddinab@verizon.net to get more info and secure a spot in the lineup!
