QUADRIFORUM

PRESIDENTIAL

1970: vince giobbe

The start of a new decade always brings with it new ideas, resolutions and leaders, and so it is with AROSC. As you can see by the masthead we start out the new year (and decade) with a new paper, new president (and board) and hopefully new resolutions.

I can't help looking back on the 60's as a time of growth and development both for the club and for Alfa Romeo. The last decade has seen the club go from a small group of hard core wild-eyed fanatics to a large group of hard core wild-eyed Alfisti (and wives, etc.). This issue marks the second change in AROSC's paper which was originally called "The Alfa's Bark!" (see page 2 for a cut of the second ever issue) You can see progress has been made since the birth of this chapter in August of 1962.

I have seen the club go thru many phases and changes since I joined AROSC in 1964, from rallying to slaloming to racing, and of course as always - socializing. Probably the biggest reason for the success and growth of AROSC is that the club has supported the wishes and activity areas of the general membership. It is after all the general membership that controls the chapter thru the

As your retiring president I would like to take this opportunity to express my appreciation and relate what 1969 has meant to me. It was a year that saw us as an organization strengthen our membership and our relations with Alfa Romeo Inc. A year that saw both events and the participation in them increase greatly. It was marked for myself as a year of pride and satisfaction to be your 1969 president and while the position of president sounds like a one man job, it most definitely is not, and I would like to express my thanks to the 1969 board as well as the general membership for the assistance you have offered. I am sure that our new president, along with the 1970 board will carry on in the fine tradition that makes the Alfa Romeo Owners of Southern California a truly outstanding organization.

DUES REMINDER:

election of the board and the support of club activities. Our thanks for a job well done to the nine previous boards, the six past presidents, and to all the members both active and retired who thru their support and guiding ideas have brought the club into this new decade as strong and active as it is.

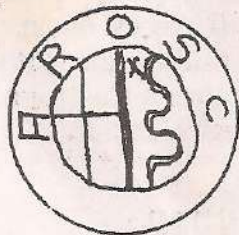

1970 promises to be a great year for AROSC and for Alfa Romeo. Our relations with ARI have never been stronger (thanks to Mr. P. Stoccoro and staff). Alfas are winning everything in sight. The 1970 AROSC board has an ambitious schedule of events and projects planned (suggestions are welcome) and if the xmas party was an indication the member support of these events should be highly active.

So out with the old, in with the new, and remember your 1970 dues are now due!!

NEW HORIZONS: From Our Leader -

This month we begin a rather ambitious program for a small club --- two events a month. One will be a business meeting followed by a short, and sometimes rapid, coffee run; the other will be a technical session or other activity. This is being undertaken to broaden the base of programs for our members, so that we may approach the ideal of "something for everyone".

Retrospect - continued

In addition to the AROSC special events the regular meetings provided a variety of entertainment and information. The usual professional movies were augmented with a talk by Ron Wakefield of "Road & Track", Grand Prix style 8mm movies by AROSC's own Fritz Taggart, a talk by Joe Richardson on shot peening, and talks by Charlie Camp on shock absorbers and on oil.

All of this is now history and of more concern are the plans of AROSC for 1970. However, for this you'll have to pay your 1970 dues (still a reasonable \$5) to insure that you receive next month's paper.
